I hereby certify this paper is being

Attorney: Leonard Holtz

Dated: August 29, 2002

In the event that this Paper
is late filed, and the
necessary petition for
extension of time is not filed
concurrently herewith, please
consider this as a Petition
for the requisite extension of
time, and to the extent not
tendered by check attached
hereto, authorization to
charge the extension fee to
Account No. 06-1378.

This is a renewed Petition requesting reconsideration of the
Decision mailed August 5, 2002 (copy attached).

The Petition filed on March 15, 2002 included copies of
pages 3, 12 and 32 of the English translation, which the Patent
Office contends were missing from the specification filed on
January 7, 2002. The submission of the English translation on
January 7, 2002 was responsive to a Patent Office NOTICE TO FILE
MISSING PARTS mailed November 16, 2001, the term for response to
which expired on January 16, 2002.

The Petition filed March 15, 2002 included the following:

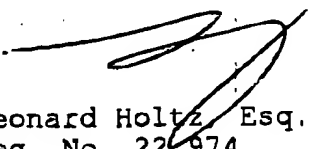

1. Copies of pages 3, 12, and 32 of the English
translation of the specification; and

2. A Petition for Extension of Time for filing specification pages 3, 12 and 32 (see page 2, lines 4-9 of the original Petition filed March 15, 2002). A Petition for Extension of time was also included in the last paragraph of the CERTIFICATE OF FACSIMILE TRANSMISSION at the upper right-hand corner of page 1 of said Petition filed March 15, 2002.

It is respectfully requested that the Patent Office consider that pages 3, 12 and 32 were timely filed within a two month Extension of Time from the due date of January 16, 2002, and it is respectfully requested that the Patent Office charge the two-month extension fee of \$ 400.00 to Deposit Account No. 06-1378.

In view of the foregoing, it is respectfully submitted that pages 3, 12 and 32 of the specification were timely filed within a two-month extended term from the mailing date of the Notice dated November 16, 2001. It is respectfully requested that the application now be considered to be complete, and it is respectfully requested that prosecution on the merits now proceed. It is further respectfully requested that the Decision dated August 5, 2002 be considered moot in view of the foregoing.

Respectfully submitted,

Leonard Holtz, Esq.

OFFICE OF PETITIONS

In re Application of
Satoshi Hasegawa
Application No. 09/981,207
Filed: October 17, 2001
Attorney Docket No. 01658/LHDECISION DISMISSING
PETITION

This is a decision on the petition filed March 15, 2002 (certificate of mail date), requesting that the above-identified application be accorded a filing date of October 17, 2001, with pages 3, 12 and 32 as a part of the original disclosure of the application.

The application was filed on October 17, 2001. However, on March 8, 2002, Initial Patent Examination Division mailed a "Notice of Omitted Item(s)" stating that the application had been accorded an October 17, 2001 filing date, but that pages 3, 12 and 32 of the specification appeared to have been omitted.¹

In response, on March 15, 2002 (certificate of mail date), a pages 3, 12 and 32 of the specification was filed accompanied by the present petition. Petitioner argues that pages 3, 12 and 32 were filed on January 7, 2002 (certificate of mail date December 13, 2001). In support, the petition, which is signed by a registered practitioner, includes a statement by a Secretary, Sharon Portnoy, that 34 pages of the specification, including pages 3, 12 and 32 were part of the application as originally filed.

The argument and evidence presented are not persuasive. The Office file is the official record of the papers originally filed in this application. A review of the official record reveals that no pages 3, 12 and 32 were filed with the original application papers. Where the records of the Office (e.g. the file of the application) contain any document(s) or fee(s) corresponding to the contents of the correspondence at issue, the Office will rely upon its official record of the contents of such correspondence in the absence of convincing evidence (e.g. a postcard receipt under MPEP 503 containing specific itemization of the document(s) or fee(s) purported to have been filed with the correspondence at issue) that the Office received and misplaced any document(s) or fee(s) that is not among the official records of the Office. If a new application is being filed, all parts of the application being submitted should be separately listed on the postcard (e.g. the number of pages of specification (including written description, claims, and abstract), number of claims, number of sheets of drawings, and number of pages of oath/declaration. The postcard receipt will not serve as prima facie evidence of receipt of any item which is not adequately itemized on the postcard. As petitioner has provided no convincing evidence that drawing pages 3, 12 and 32 were filed in the USPTO on January 7, 2002 (certificate of mail date December 13, 2001), the petition must be dismissed.

¹ A Notice to File Missing Parts was mailed November 16, 2001 requiring the filing of the English Translation of the application and substitute drawings in compliance with 37 CFR 1.84. In response, on January 7, 2002 (certificate of mail date December 13, 2001), an English Translation and Formal Drawings, *inter alia*, were filed, which necessitated the March 8, 2002 mailing of the Notice of Omitted Items.

Application No. 09/981,207

2

The petition is dismissed.

Any request for reconsideration should be filed within **TWO MONTHS** of the date of this decision in order to be considered timely. This time period may not be extended pursuant to 37 CFR 1.136.

The application is being forwarded to Initial Patent Examination Division for further processing with a filing date of October 17, 2001, and for an indication on the bib-data sheet that pages 3, 12 and 32 of the specification were not present on filing.
